I build AI-native teams.

AI platform leader and hands-on builder turning agents into **scalable business capability**. I connect **reusable workflows, shared knowledge and distributed compute** behind interfaces people can use. My work combines architecture, team transformation and continuous learning to **increase productivity, improve efficiency and accelerate delivery**.

PROFESSIONAL EXPERIENCE

Visa | Director, AI Agent Platform

October 2024 - Present

- **Created Agent Factory** to standardize AI-native work across data-science teams and make agents accessible to business users.
- **Built the AI Loop**: capture recurring workflows as skills, improve them through collective knowledge, and automatically recommend them at runtime.
- **Built V Agent, Visa's super agent**, packaging agents and connecting platforms, surfaces and tools through one simple interface; deployed Buzz for human-agent collaboration.
- **Created VCA Brain**: shared project context and business memory that let teams reuse observations and build on prior work.
- **Unified local, remote and cloud compute** through on-premises orchestration, including Windows VDIs; connected enterprise infrastructure to business execution through an **AI factory approach**.
- **Operationalized agents running for hours and days** toward business objectives, with checkpoints, independent validation and human review.

Visa | Director, Data Engineering

November 2020 - September 2024

- Led **seven data engineers and a six-person AI workstream**; grew delivery from one pilot to **20 concurrent cross-market projects**.
- Established the regional MLOps practice in 2022; **migrated 1k+ repositories and 500+ pipelines without disrupting delivery**, standardizing pipelines, model registry, feature management and data quality.

Visa | Manager, Data Analytics

November 2018 - November 2020

- **Enabled 40+ colleagues** with Azure DevOps self-service workflows and modernized analytics foundations.

Osmar Morales

CAREER EVIDENCE / TECHNICAL DEPTH

FOUNDER EXPERIENCE

Elygent | Founder & AI Platform Architect

- **Founded Elygent, an AI platform company** that unifies agents, business tools and shared knowledge to make complex work easier to delegate.
- **Built the architecture for shared memory, scoped access and accountable execution**, so workflows reuse context, preserve boundaries and recover from failure.
- **Launched a public cloud-agent lab and native Buzz community**, demonstrating specialist collaboration, browser execution and human review.

EARLIER CAREER

FedEx Express | Data Scientist

August 2016 - November 2018

- Executive finance reporting, mobile dashboards and distributed BI delivery.

TracFone Wireless | Revenue Systems Analyst

February 2013 - August 2016

- ETL, revenue-recognition reporting and GAAP/SOX controls.

FedEx Express | Process Automation Developer

March 2012 - February 2013

- Reduced financial reconciliation time **70%** across Latin America and the Caribbean.

Davis Quality, Inc. | Systems Accountant

January 2007 - January 2012

- Accounting systems, financial visibility and planning.

AI ENGINEERING AND TECHNICAL CAPABILITIES

Agent engineering: Multi-agent orchestration, long-running execution, model routing, evaluation, tracing and human review.

Context and skills: Shared business memory, reusable workflows, runtime skill discovery, collective learning, RAG and MCP/APIs.

Distributed AI: Public/private cloud and on-premises orchestration; local, remote and Windows VDI execution; Kubernetes and Docker.

Data and MLOps: Python, SQL, Spark, MLflow, feature management, model registry, data quality and CI/CD.

EDUCATION, RECOGNITION AND LANGUAGES

Florida International University | BBA, Finance; Mathematics minor | 2015. **Miami Dade College** | AA, Mathematics | 2008.

Harvard Extension School | Management and leadership communication, professional development | 2018-2020.

Visa LAC Support Excellence Award, 2026; FedEx Express LAC Professional of the Year, 2017; five Visa Technical Innovation **team awards**, 2023-2025.

Languages: English and Spanish; Portuguese (beginner).
